

Jasper County Iowa Historic Index and Document Searching

All historic indexes will be searched by selecting the type of book in the Document Type field in AVA. Below is an outline of all historic books. The outline provides details

Select the book Type in the Document Type field.

Click Search.

Some of the Document Type searches will return both the index books and the document image books for the book type.

Some of the Document Types will return only the index books and the document will be searched using the Book Field.

Please see the Document Type details below.
